Year 1

Term 2 2026

The Adventures of the Egg Box Dragon

R.E. Mary our Mother

Children will learn the story of the birth of Jesus, understand why Mary and the angels are important, and explore how Christians celebrate Christmas through art, prayer and traditions.

Geography – What can you tell me about where you live?

This term we will be continuing our geography topic 'Where we live'. We will be learning about different types of houses as well as drawing our own simple maps and plans and using directional language to describe the location of features and routes. We will also learn about Human and Physical features.

DT – Cooking and Nutrition

This term we will talk about what we eat at home and discuss what healthy foods are. We will discuss where some foods come from and give examples of food that is grown. We will also use simple tools with help to prepare food safely.

P.E. – Forest School and Dance

During Forest School sessions, the children will have the opportunity to explore space, direction, levels and speeds. They will experiment creating actions and performing movements with different body parts. The children will be taught to dance on their own, with partners and in groups.

Computing – Digital Painting.

This term the children will be choosing appropriate tools in a program to create art and making comparisons with working non-digitally.

Music -

In Music this term, we will look at vocalist Kishori Amonkar and developing our performing skills as we perform our Nativity songs.

P.S.H.E./RSE

This term, the children will be thinking about staying safe, especially thinking about the darker evenings and Fireworks night. Additionally, we will be thinking about kindness and compassion during Anti-bullying week (including Odd Socks Day) and respecting everyone's individuality.

Maths – Addition and subtraction

This term the children will be learning about addition and subtraction, including learning that addition is commutative and their number bonds to 10. They will continue to focus on comparing and ordering groups of numbers as well as one more and one less. The children will be introduced to 3D shapes and 2D shapes. They will recognise, name and give properties of each shape and create patterns.

English – The Adventures of the Egg Box Dragon

This comical tale will bring arts and crafts to life when Emma brings home a dragon she has constructed from a range of materials – shiny bicycle reflectors, black bin liners, thick wire and, predominantly, cut up egg boxes. The development of the main character will encourage the children to understand characterisation and plot.

Science – Animals including humans

This term, we will be looking at our bodies and exploring our senses. The children will observe changes over time and think about how we change as we get older. Data will be collected, patterns observed as well as some investigations.
